

## TEACHER EDUCATION TRANSFER DEGREE – M019

### Associate of Arts Degree (AA)

#### **CATALOG DESCRIPTION OF PROGRAM:**

The Teacher Education Transfer Program prepares students interested in transferring to a four-year college. Students in this program begin training to become teachers, and have opportunities to explore the diverse world of education and ways to work effectively within it. This curriculum is designed for students who are interested in transferring to an Elementary Education program at a four-year college and who may not be eligible to complete the requirements of the A.A.T. degree. While this curriculum is designed to prepare students to pursue a bachelor's degree program at the college or university level, students are advised to check the requirements of the institution to which they intend to transfer. Candidates for graduation in this program must pay for and take the ETS National Teacher Examination: PRAXIS I test before graduation. PRAXIS is offered several times during the year.
