What is Banner Web Time Entry?
Banner Web Time Entry is our time process for employees to enter timesheets through Banner Employee Self-Service (ESS) portal. The pay calendars remain the same. Below you will find instructions for utilizing Web Time Entry.

Roles

Exempt Employees
Exempt employees will utilize this system to report leave taken on a bi-weekly basis. If no leave was taken exempt employees must still complete a timesheet and indicate nothing to report.

Non-Exempt Employees
Non-exempt employees will utilize this system to report all hours worked as well as any leave taken daily.

Approver
The supervisor is the approver. The approver can update, change returns, or approve the timesheet submitted by their employee. The approver is responsible for ensuring that all their employees submit their timesheets no later than the timesheet due date. Each timesheet should be reviewed in detail making sure that all time submitted is correct. The timesheets must be approved prior to the timesheet's due date. Employees may not approve their own timesheets.

Proxy
A proxy is an individual designated by the approver in the Employee Self-Service to act on the approver’s behalf to update, change return or approve the timesheet submitted by their employee. Employees cannot be assigned as a proxy to approve their own timesheets. All approvers must assign a proxy in their department. HR and Payroll cannot act as the proxy.

Responsibilities

Employee Responsibilities
- Record accurate hours and days on your timesheet and submit the timesheet no later than the timesheet due date.
- Add comments to your timesheet to document any special circumstances (i.e., left work early, arrived late, etc.)
- Review your timesheet for accuracy before submitting it for approval.
- Ensure the timesheet reflects the total regular and leave hours.

Approver Responsibilities
- Verify the timely submission of all your employees’ timesheets
- Notify employees that they need to submit their timesheets when they have not done so.
- Review all submitted timesheets in detail. It is the responsibility of the approver to verify the employee has accurately entered all regular hours and leave taken
- Make any necessary corrections
If there is enough time for the employee to make the corrections and return it to the approver for submission, then the approver should return the timesheet to the employee.

If there is not enough time for the employee to make the correction, then the supervisor should make the correction to the timesheet and notify the employee of the change. A comment should be added to the timesheet.

Approve all timesheets by the timesheet approval deadline.

If you are unable to approve the timesheet, designate a proxy to perform this responsibility in your absence.

Confirm your proxy can see your employees’ timesheets in Employee Self-Service.

Notify your proxy to review and approve timesheets on your behalf when you are not available to perform this function.

Proxy Responsibilities
- Understand the steps required to approve timesheets
- Assume the role and responsibilities of “acting as approver” when designated by the approver.
