14 Week Course	Skills Enhancement	Certificate	AH 130	Medical Terminology	3 Credits

The Johns Hopkins Hospital Skills Enhancement Program students must successfully complete the 14-week program to receive the articulated credits. Upon completion of the 14 week program, students will need to present their completer certificate to their campus Registrar as proof of completion. At which time the Records and registration office will make an "official" copy of the completer certificate for their BCCC student file, and award the articulated credits.
