This agreement is effective with new Morgan admits beginning in the spring 2017

This agreement will remain in effect until spring 2019

## **ARTICULATION AGREEMENT**

Baltimore City Community College, an agency of the state of Maryland (hereafter referred to as BCCC), and Morgan State University (hereafter referred to as MSU), a public state university in Baltimore, Maryland, agree to offer an articulated program leading to the award of a Bachelor of Science in Psychology.

### **PURPOSE OF AGREEMENT**

This agreement is entered into in the interests of our students. The general purpose of this agreement is to make clear the terms of this articulation agreement. This agreement will allow for the efficient transfer of students between campuses, including transfer credit, admissions and financial aid/scholarship. It will provide opportunities for students beyond the classroom, serving as a basis for student involvement and faculty interaction. It will set expectations for administrators, faculty, and staff at both institutions, and foster a working relationship between the parties. Finally, it will encourage students to continue their education for their personal and professional development.

### **ADMINISTRATIVE PRINCIPLES**

**The following general principles guide the operation of this Agreement:**

1. The program is designed for graduates/transfers of the Associate of Arts – Psychology Concentration. A maximum of seventy (70) credit hours from BCCC or another community college will be allowed towards fulfillment of the minimum one hundred and twenty (120) credits required for baccalaureate completion.
2. In accordance with Code of Maryland Regulations, all courses meeting general education requirements at BCCC will transfer to MSU as general education. Other general education requirements will be met by using required or elective courses at MSU as noted in this agreement.
3. The maximum number of credits that will be accepted by MSU toward degree requirements from non-direct classroom instruction (including CLEP, AP, International Baccalaureate, and other select nationally-recognized standardized examination scores, and other four-year institutions) is ninety (90) credits. If the course is evaluated by BCCC and applied to the Associate of Applied Science transfer degree, the student must submit the score report to be evaluated by MSU and credit will be applied as determined by an MSU evaluation. It is possible that not all transferable credit accepted by MSU will be applicable to the degree.
4. Courses completed at another community college or four-year institution will count toward the total credits transferred into MSU. Official transcripts from all previously attended institutions will also be required.

5. Once the Associate of Arts degree is completed and the student has been admitted to MSU, the student will be instructed to contact the appointed academic advisor before registering for classes.
6. While BCCC and MSU do not presently have a dual admissions program, should one be agreed to, this agreement will not preclude students from participation and students may apply for and receive the benefits of dual-admission.
7. Students may complete the MSU curriculum part-time or full-time, online or face-to-face, or in any combination thereof.
8. This articulation agreement becomes effective on the date set forth on the first page of this document. This agreement will be reviewed and re-signed every two (2) years.
9. BCCC will provide potential student directory information, as defined in the Family Education Rights and Privacy Act (FERPA), to MSU for matters of recruitment, marketing and data management. Educational records maintained by each institution are subject to FERPA and the regulations promulgated under it.
10. BCCC will permit MSU to conduct on-campus information sessions at locations and on dates that are mutually agreeable.
11. BCCC and MSU agree to monitor the performance of this agreement and to revise it as necessary.
12. The agreement may be terminated by either party after adequate written notice, defined as one calendar year, at which time appropriate measures will be put into place regarding the continued transfer of students.
13. The office of record for program articulation agreements at Morgan State University is the Transfer Center. The office of record at Baltimore City Community College is the Office of Academic Operations and Services.

**For students following this agreement, the requirements listed below apply:**

1. Students must maintain a 2.0 cumulative grade point average in order to transfer to MSU. Should students choose to transfer prior to completion of the associate's degree, they will be responsible for meeting MSU eligibility requirements.
2. ORLA 101 – Freshman Orientation for Psychology majors (1 credit) is not required for transfer students who transfer with a minimum of twenty-four (24) credits from the sending institution. However, if the student transfers with less than twenty-four (24) from the sending institution, the orientation class must be taken at MSU. Moreover, the transfer student must complete a minimum of one hundred and twenty-seven (120) credit hours to earn a Bachelor of Science degree in Psychology.
3. Morgan State University does not guarantee the transferability of courses taken outside the guidelines within this articulated agreement.
4. In order to be eligible for admission, students must comply with all MSU admissions requirements, including posted deadlines and submission of appropriate documentation.
5. Should this articulation agreement concern a program with additional admissions requirements or prerequisite coursework, students must have met all standards prior to enrollment at MSU.
6. Students shall apply for admission to Morgan State University, indicating Psychology as the intended major. Applications for admission can be obtained by contacting: the Office of Admission and Recruitment at (443) 885-3000 or [http://www.morgan.edu/Admissions/Undergraduate\\_Admissions/Transfer\\_Applicants.html](http://www.morgan.edu/Admissions/Undergraduate_Admissions/Transfer_Applicants.html). All required application materials must be supplied by the deadline.
7. Students will automatically be nominated for scholarships for which they are eligible. \*For priority scholarship consideration, students must complete their admission application by November 15<sup>th</sup> for fall admission.
8. Students shall contact the Transfer Coordinator for their major for an advisement appointment once they have been admitted to MSU. The required credit hours must be successfully completed before Morgan State University can grant the degree. Each student's last thirty (30) credit hours must be completed at MSU.

## APPENDICES

As part of this agreement, the following have been included:

1. Course-by-course articulations, including satisfaction of general education requirements at both Baltimore City Community College and Morgan State University.
2. Upper division requirements to be completed at Morgan State University.
3. An academic advising sheet showing requirements for completion of the degree at BCCC.

These appendices may be changed, by mutual agreement, after adequate notice, defined as one calendar year, without the procedural process review or revision of the entire articulation agreement.
