

BUSINESS ADMINISTRATION

Business Administration Transfer
Associate of Science Degree

BCCC

Baltimore City Community College

The Business Administration Transfer Program

provides students the opportunity to learn and master business-related skills. Students learn to:

- Use the acquired knowledge in business to comprehend, innovate and solve problems.
- Utilize information and computer literacy to access current business knowledge.
- Employ a wide variety of business skills with precision and accuracy.
- Apply critical thinking strategies to solving business problems.
- Communicate effectively.
- Exhibit the attitude and ethical behavior expected of a business professional.

The Business Administration Program is a member of the Accreditation Council for Business Schools and Programs (ACBSP)

Endless Career Options

Graduates qualify for transfer into a bachelor's degree program. Students can also opt for career-focused programs in business marketing, leading to entry-level positions in marketing or business management.
