Nursing Program Student Learning Outcomes
Baltimore City Community College

As a result of this program, the student will be able to:

I. Safe and Effective Care
   • Provide and direct nursing care (NLN Program Outcome 2: Nursing Judgment)
   • Protect clients and other health care personnel from health and environmental hazards (NLN Program Outcome 2: Nursing Judgment)

II. Health Promotion and Maintenance
   • Provide direct nursing care of the client, family, and significant others that incorporates the knowledge of expected growth and development principles; prevention and early detection of health problems and strategies to achieve optimal health (NLN Program Outcome 1: Human Flourishing) (NLN Program Outcome 2: Nursing Judgment)

III. Psychosocial Integrity
   • Provide and directs nursing care that promotes and supports the emotional, mental and social wellbeing of the client, family, and significant others experiencing stressful events, as well as clients with acute or chronic mental illness (NLN Program Outcome 1: Human Flourishing)

IV. Physiological Integrity
   • Provide comfort and assistance in the performance of activities of daily living (NLN Program Outcome 1: Human Flourishing) (NLN Program Outcome 2: Nursing Judgment)
   • Provide care related to the administration of medications and parenteral therapies (NLN Program Outcome 1: Human Flourishing) (NLN Program Outcome 2: Nursing Judgment)
   • Reduce the likelihood that the client will develop complications or health problems related to existing conditions, treatments or procedures (NLN Program Outcome 2: Nursing Judgment)
   • Manage and provide care for clients with acute, chronic, or life-threatening physical health conditions (NLN Program Outcome 2: Nursing Judgment)

V. Interpersonal Interaction
   • Communicate effectively with individuals, families, groups and populations (NLN Program Outcome 1: Human Flourishing)
   • Identify common barriers in active involvement of clients in their own healthcare processes (NLN Program Outcome 1: Human Flourishing)
   • Demonstrate the ability to clearly and accurately convey information to selected members of the healthcare team
   • Establish a therapeutic nurse-client relationship with clients from diverse populations in a clinical setting (NLN Program Outcome 1: Human Flourishing)
VI. Informational and Technological Literacy
- Use technology to gather information for evidence based care (NLN Program Outcome 3: Professional Identity) (NLN Program Outcome 4: Spirit of Inquiry)
- Evaluate the credibility of sources of information, including but not limited to, databases and internet resources (NLN Program Outcome 3: Professional Identity) (NLN Program Outcome 4: Spirit of Inquiry)

VII. Professionalism
- Identify and implement care practices that are considered safe, legal and ethical (NLN Program Outcome 3: Professional Identity)
- Explain the importance of and processes for ongoing professional development (NLN Program Outcome 3: Professional Identity)
