Flexible frameworks providing instruction and career foundation courses needed for the Associate in Arts, Science or certificates in various social and behavioral sciences.

Allied Human Services:
Addiction Counseling
Students study foundation courses needed for such fields as social work, mental health, counseling, gerontology, social and behavioral sciences, law enforcement, government service, education, and community and social planning.

Allied Human Services: Social and Human Services
Prepares students to help clients identify resources and benefits that improve their quality of life. Students also earn credits that transfer to affiliated university undergraduate degree programs such as Social Work, Rehabilitation Services and Human Service Administration.

Education: Early Childhood
Students learn the theories of child development and programming for children, theoretical course work, supervised field placement, and observation.

Education: Special Education
Upon completion of this program, students may apply for state license to work as a paraprofessional in local state educational agencies.

Education: Teacher Education
This degree prepares students to transfer to an elementary education or generic special education program at a four-year college or university in the state of Maryland.

Law Enforcement/Corrections: Administration
This program focuses on providing continuing education for law enforcement, correctional officers, and other criminal justice professionals already employed in the field and preparing new students for entry into the field. In Criminal Justice, we also teach students majoring in Cyber Security, Forensics and students interested in learning about Criminal Justice, in general.

Paralegal Studies
Students study principles of law, legal research, writing, ethics, and office procedures. At the advanced level, students take courses such as litigation criminal procedure, real estate, business organization, and family law.

Psychology
The Associate of Arts in Psychology is designed as a transfer degree leading to a bachelor’s degree. However, it is possible for students to find positions in most entry-level professions in social services, human resources, and similar people-oriented fields.
