Section 2

Introduction

Each state agency is required by State Government Article, Title 10, Sections 631 – 634, to:

“develop a continuing program for the economical and efficient management of its records, including the establishment and/or revision of records retention schedules in order to ensure proper and orderly disposal of not required by the operations of the agency.”

The State of Maryland’s Department of General Services provides guidelines for state agencies to develop their records retention schedules in its *Records Management Handbook*:

The key to effective records disposition is the records retention and disposal. A schedule lists and describes the records of an organization and indicates when they shall be disposed of or directs their permanent retention. Records retention schedules, however, are of little value unless they are systematically maintained and applied to the record of the agency concerned.”

Should you have any questions or concerns about the College’s records retention schedules, please see your Compliance Committee representative.
